In this day and age in Los Angeles and California, it is very important to know what rights a landlord (housing provider) has and what rights a tenant has. Whether it is for residential as a single-family residence or a large apartment building, or commercial property, you need to know how to do an eviction correctly, or it could cost you or your client dearly.

With the rules changing almost daily, stay informed of what your rights are. Join Laurence Michaelson, Esq., who is an expert in this arena, and stay informed. Stay a step ahead of other agents to get the next deal done.
