

MATRIX

SEARCHING 101; REALTORS PROPERTY RESOURCE (RPR); CUBICASA

Searching 101

With access to an immense database of listings, how do you find what you need? This course dives into CRMLS Matrix's multiple search options to locate listings, print and email property listings, and turn your searches into closings that much faster.

Realtors Property Resource (RPR)

Finding the perfect listing for your clients should be simple. REALTORS Property Resource® (RPR) makes it easy to impress your clients by offering comprehensive data, powerful analytics, and dynamic reports that cover 160 million properties. Its in-depth property and market information provides data on various details surrounding a property including school reports, historic data, geographic details (such as flood and heat maps), and more. Discover all the ways you can use RPR to amaze your clients and seal the deal. Available for desktop or mobile.

CubiCasa

Floor plans are one of the most requested listing features, and CRMLS core product CubiCasa makes generating one easy. All it takes to get a custom floor plan is a few minutes and your smart phone. Topics include: Installing the CubiCasa app and account set-up Best practices for scanning Floor plan options Reviewing and managing orders An overview of the CubiCasa site and app features.
